

48 Hours at Sebring COVID Protocols

GENERAL:

- **Drivers are required to pre-sign general and communicable disease waivers online at clubregistration.net. You can find instructions at: <https://clubregistration.net/misc/eSignaturesHowTo.pdf>**
- There will be hand sanitizing stations posted in common areas.
- **You are required to bring masks, sanitizer and disinfectant supplies with you to the track for everyone in your group - drivers, support staff, etc. Please bring your own pen for registration.**
- Masks are required at all times for all staff, participants, crew, volunteers and anyone entering the track facilities. This is a requirement of Sebring Raceway, 48 Hours at Sebring, and National PCA. Those that don't comply will be asked to leave. This includes in the pits, paddock, registration, tech, drivers-meetings, bathrooms and in the tower. Drivers with helmet on and face shield down are exempt from the mask requirement.
- Every person on the property must wear the GOLD "Waiver" wristband at all times. If any member of staff observes someone without a wristband, they will require that person to sign all 3 waivers; even if they state they have already.
- 48 Hours will retain the waivers and records of every person who attended for contact tracing purposes.
- Any individual displaying or complaining of symptoms will be denied entry to the property and will be directed to the Skidpad to quarantine and the organizers will be immediately informed. 48hrs medical personnel will then assess the situation.
- Any individual that begins displaying symptoms once inside the property will be directed to the designated Quarantine Area and the organizers will be immediately informed. 48hrs medical personnel will then assess the situation. The Quarantine Area is on the 2nd floor Terrace on the East end of the main pit building.
- Practice social distancing by keeping six feet between you and others when possible.
- Avoid crowding at entrances to buildings and toilets.
- Overnight camping is allowed but safety protocols and social distancing must be followed.
- No organized social events are planned for the weekend.
- The Track Shack restaurant will be open for lunch 10:00 am - 4:00 pm during the event. There will be a ticket system to minimize contact, and social distancing in place.
- Avoid shaking hands, high fives, pats on the back, hugs, kisses, etc. (This is the tough one!)

TRACK ENTRY:

- Staff from both 48hrs and Sebring will man the "Ticket Booths" at the entrance of the facility. Here every entrant to the property will sign 3 waivers (Sebring COVID, PCA COVID, and PCA Liability) and be given a GOLD wristband that they will wear the entire event. Upon re-entry without this wristband, the individual will sign the above waivers again.
- Each time an individual enters the property, they will have their temperature taken by track personnel. If there is an issue with a temperature reading, the vehicle will be directed to the skidpad to quarantine and the organizers will be immediately informed. 48hrs medical personnel will then assess the situation.
- There will be at least 2 lines at the Ticket Booths. One will be dedicated to people who have already signed the waivers and have a wristband. This line will only require visual confirmation of the wristband, and temperature checks. The second and third (if needed) lines will be for first-time entries into the track. Here every person must exit the vehicle, sign the waivers, receive the wristbands, and get their temps checked.
- During the pre-event arrival phase (Sunday to Wed), trucks will complete the above and then be directed to park on the Midway by 48hrs staff. These early arrivals cannot be allowed over the bridge into the track unless authorized by specific 48hrs staff.
- On Wed evening (estimated 1700) 48hrs staff will start the load-in of the trucks from the Midway. 48hrs personnel and Sebring staff will be at the guard shack to check for the wristbands and provide parking guidance. Vehicles entering from the ticket booths will complete the above protocols and be directed over the bridge by staff.

REGISTRATION:

- All drivers must complete their registration prior to the event online, electronically sign the required COVID waiver, and receive an email confirmation. This includes co-drivers and coaches.
- The at-track registration will take place in the large hall of the Gallery of Legends (GoL) building using social-distancing techniques. The registration for each event (Lapping, DE, and Race) will be staggered through the day to avoid crowds. These times will be published on the event schedule.
- Entry into the GoL will be via a "one-way" door on the West side of the building, and exiting will be via an "exit-only" on the East side. Volunteers will enter and exit via a separate door on the North side. During periods of registration, the doors will be monitored to limit the number of people inside at any given time.
- Upon entry, registrants will be directed to follow tape-markings on the floor to avoid groups gathering. They will be asked to maintain 6ft separation in the queue.
- The registrant will show their ID to registration and receive their packet. The registrant will put on their run-group wristband(s) in front of staff. After registration, they will be directed to the East door to pick up any merchandise and exit the building.
- Any participant with a registration issue will be asked to proceed to the North side of the GoL to see the registrar.

GOODIE STORE:

- All registrants will enter from the West entrance, and leave through the East exit. They will follow tape-markings to facilitate social distancing.
- The Goodie Store personnel will be behind the counter and be separated via a plexiglass partition. There will be minimal interaction with customers and utilize touchless payment.

TECH:

- Tech will be placed at the normal area under the open-air tent to the West of the GoL. This includes scales, impound, DE Tech
- Tech staff will practice social distancing during the performance of their duties. This includes usage of signs/white-boards to communicate with the drivers as well as standard mask wearing.
- As much as possible, Tech will reduce the amount of paperwork being utilized.
- The Scruts have the use of their own table in a distanced area of the main GoL for Logbook Tech.

BLACK FLAG / STEWARDS:

- Black flag will be at the wall of the start/finish line. Designated 48hrs staff will man Black Flag and follow social distancing practices with each other and drivers.
- The Stewards will be in the 4th floor of the Tower. The Tower is closed to non-authorized entry.
- If a driver is required to communicate with the race stewards (incident/accident/provide video), the driver is to return to their team and wait for instructions (via text or call). If the driver is required to see the Scruts, the driver is to proceed to the impound area of Tech and await the Scruts.

VOLUNTEERS:

- Every volunteer will be required to sign the above waivers, and wear the wristband at all times.
- Every volunteer will be required to check in with event staff each morning they arrive. This will be inside the GoL using the North entrance.

DRIVERS MEETINGS:

- Drivers meetings may be held via the web, in person, or via paper hand-outs. The times and method will be communicated to the drivers via text, email, and announcements.
- In person meetings will be held in the open, and attendees will follow social distancing practices.

RADIOS:

- Radios will be assigned to specific staff (excluding Grid radios). Please use only your assigned radio.
- Radios will be sanitized before issuance.
- Track radios will be sanitized each morning before distribution, and each time it is re-assigned to a new staff member.
- Grid radios will be sanitized each morning, and each time they are utilized by a new volunteer.
